Share parallel and **USB printers**

3-PORT PRINT SERVER

FOR BUSINESS USE

For environments that deploy multiple printers in close proximity

SHARE UP TO 3 PRINTERS

Share up to 3 printers from a single print server

COST SAVING

Save through purchasing a multi-port print server

MULTIPLE PORTS SAVE ON COSTS

The DP-300U 3-Port Print Server provides users with 3 available ports from a single device, avoiding the need to purchase and install separate print servers for each printer. At a fraction of the price it would cost three single-port print servers, the DP-300U is the smart choice for environments that have printers located within a close proximity. Simply connect your printers to the print server, with a printer cable to each device, and share your printers with multiple users on your network.

SIMULTANEOUS PRINTING ON ALL PRINTERS

Equipped with a powerful CPU, large memory and high speed printer ports, this print server makes printing your network files fast. The DP-300U allows all printers attached to this device to perform print jobs at the same time – as if your printers were connected to three separate single-port print servers.

MULTIPLE NETWORK OS SUPPORT

The DP-300U supports a wide range of network OS including: Windows 95/98/ME/NT 4.0/2000/XP, Apple MacOS with AppleTalk, Linux, Solaris, SCO Unix, IBM AIX and NetWare 5.x native NDS. This feature offers compatibility with all major network operating systems, providing you with added flexibility by ensuring that your files can be printed regardless of its environment.

REMOTE PRINTING SUPPORT

The DP-300U supports the Internet Printing Protocol (IPP), enabling remote users to output files to their office printer even when they are away from the site. HP PJL protocol is also supported for bi-directional network printer communication, providing network administrators with critical information about the network printer. Regardless of where you are, never worry about being unable to print out important files ever again with this print server's convenient functions.
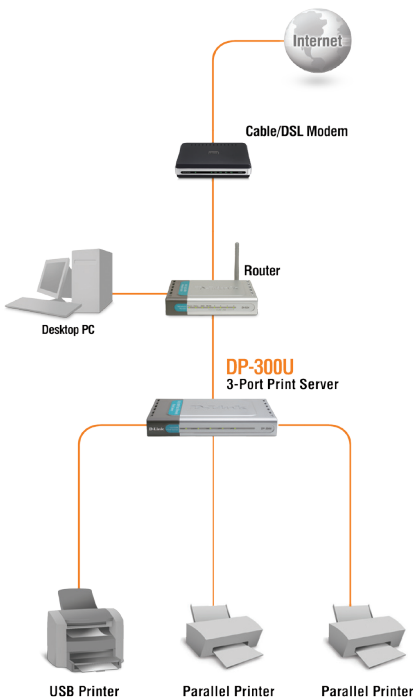

DP-300U

WHAT THIS PRODUCT DOES

The DP-300U 3-Port Print Server is designed for sharing a group of printers located at a central site, such as a data center or computer room, over a network. It is equipped to share 2 parallel printers and 1 USB printer over a network. Supporting multiple network operating systems, this device provides a high level of flexibility and performance to your office printing needs.

KEY FEATURES

+ 2 parallel printer ports
+ 1 USB 2.0 printer port
+ Auto-sensing 10/100Mbps Fast Ethernet port
+ Supports a wide range of printers
+ SNMP and MIB-II (RFC 1213) support for platform independent management
+ Bi-directional communication to collect and report information/status of attached printers
+ Supports Internet Printing Protocol (IPP)
+ Windows-based administrative program for easy setup/management of print ports
+ Easy Web-based configuration from any browser

TECHNICAL SPECIFICATIONS

PRINTER PORTS
+ 2 DB-25 IEEE 1284 bi-directional parallel ports
+ USB 2.0 port

LAN PORT
+ RJ-45 10/100BASE-TX port

PARALLEL PORT BI-DIRECTIONAL COMMUNICATION
Hewlett-Packard PJL support

NETWORK PROTOCOLS
+ Transport protocols: TCP/IP, NetBEUI, AppleTalk/EtherTalk
+ TCP/IP protocols: BOOTP, SNMP, Telnet, TFTP, FTP, LPD, RARP, DHCP

MANAGEMENT DIAGNOSTICS
+ Standard: SNMP
+ MIBs: MIB-II (RFC 1213)

CONFIGURATION RESET
Reset button

FLASH MEMORY
512K bytes

DIAGNOSTIC LED INDICATORS
+ Power
+ Link/Act
+ USB
+ LPT1
+ LPT2

OS SUPPORT
+ Windows: 95, 98, ME, NT 4.0, 2000, XP, Vista
+ Apple MacOS with AppleTalk
+ Linux
+ Solaris
+ SCO Unix
+ IBM AIX
+ NetWare 5.x native NDS

INPUT POWER
+ 5V DC/2.5A

DIMENSIONS
193 mm (W) x 117 mm (D) x 34mm (H)

WEIGHT
300g

OPERATING TEMPERATURE
0 °C to 50 °C

STORAGE TEMPERATURE
-25 °C to 55 °C

HUMIDITY
5% to 95% non-condensing

EMISSIONS
+ FCC Class B
+ CE Class B
+ C-Tick+
+ UL
+ LVD (EN60950)

PACKAGE CONTENTS
+ DP-300U PRINT SERVER
+ CD-ROM WITH MANUAL AND PRINT SERVER ADMINISTRATION PROGRAM
+ QUICK INSTALLATION GUIDE
+ EXTERNAL POWER ADAPTER
