①

**Web Browser Setup**

Plug in the extender near your home router.

②

When the LED is blinking amber, connect your PC or laptop to the Wi-Fi name (SSID) printed on the back of the device, or on the included Quick Install Card.

③

http://dlinkap.local./

Type **http://dlinkap.local./** into a web browser and follow the on-screen instructions to complete the setup. If the setup process was interrupted, log in by leaving the password field blank.
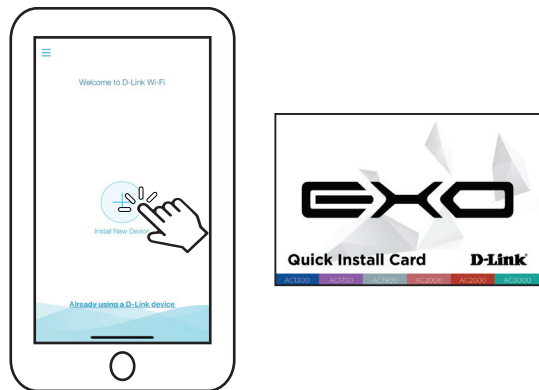

①

Download on the App Store

GET IT ON Google Play

D-Link Wi-Fi App Setup

Download the **D-Link Wi-Fi** app from the App Store or Google Play.

②

Open the app and tap **Install New Device.** Next, either scan the QR code on the Quick Install Card, or select **DRA-2060** from the list and follow the on-screen instructions to complete the setup.

Extender Placement Guideline

Place your range extender around your home to extend your home Wi-Fi.

Check the LED indicator on your extender to ensure proper connection.

Status LED

Indicates a strong signal.

Indicates a weak signal. Move your extender closer to your home router to improve signal quality.
