VisualStream[™] Digital Multimedia
USB 1.1 High Resolution
PC Camera

The D-Link VisualStream[™] DSB-C310 PC Camera is a high resolution USB digital video camera. With 640 X 480 resolution and support for up to 30 frames per second, the DSB-C310 captures flicker-free still images and records seamless video clips. As a fully contained unit, no video capture card or additional hardware is necessary. The unit simply attaches via a standard USB type A connector to a PC or downstream USB hub.

With the VisualStream D-Link DSB-C310, you can turn your PC into an Internet audiovisual phone. Add sound to your video clips with the DSB-C310 built-in audio microphone. Use the convenient snapshot button to take pictures. The DSB-C310 is also fully compatible with Microsoft[®] NetMeeting for one-on-one videoconferencing. Make your

communications with your family and friends truly memorable with the feature rich DSB-C310. It is the next best thing to being there personally.

The DSB-C310 comes complete with hardware and software for you to begin creating digital videos immediately. The VisualStream DSB-C310 includes ArcSoft[™] Software that enables you to record digital video directly to your PC's hard drive, add video as an attachment to an e-mail message, capture still frames, create greeting cards, calendars, and more.

VisualStream™ Digital Multimedia USB 1.1 High Resolution PC Camera
