

### DSL-2750U 3G Compatibility List

If your 3G dongle isn't on the compatibility list we can't guarantee that it will work on the DSL-2750U.

3G dongles that are on this list might have been upgraded (by the manufacturer) to use Hi-Link technology, which is not supported on the DSL-2750U.

LTE dongles are currently not compatible with the DSL-2750U.
