DUB-1370 USB 3.0 HUB

POWER ADAPTER

QUICK INSTALLATION GUIDE

If any of these items are missing from your packaging, contact your reseller.

PRODUCT SETUP

QUICK INSTALLATION

Step 1: Plug the USB cable, located on the side panel of the DUB-1370, into available USB 3.0 port on your computer. The LED on the DUB-1370 will turn green.

Step 2: Your computer will automatically detect and install the drivers for the DUB-1370. You may now connect USB devices to any available USB 3.0 port on the front of the DUB-1370.

Step 3: You can plug the power adapter into the power connector, located on the side panel of the DUB-1370, and into a power outlet or a power strip, if it is required.

Note:

If your computer does not detect the DUB-1370, please check and ensure that all cables and the power adapter are connected securely, and that the USB port on your computer is functioning correctly. If not, try connecting to a different USB port on your computer.

TECHNICAL SPECIFICATIONS
