

[Basic Manual Setup for G413X-How to Router Login Password]

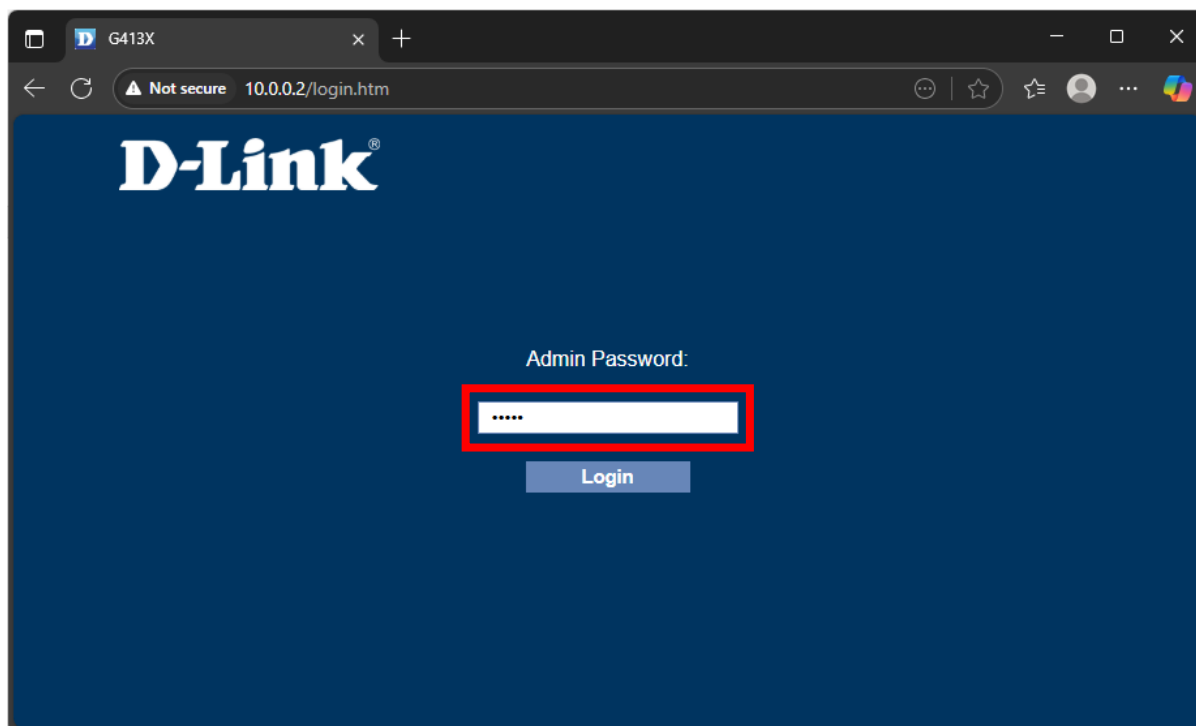

- 1) On a device that is connected to the router (preferably with a cable on a pc/laptop or WiFi on a phone is fine but please make sure your mobile data is off).

Note: this config is best done with a LAN cable.

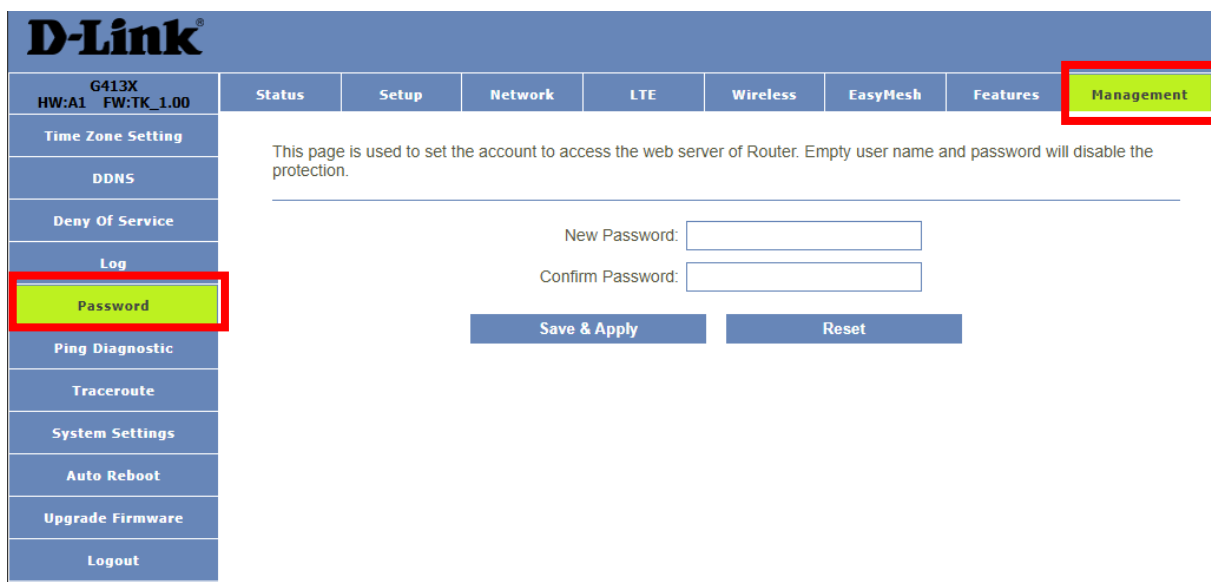

- 2) Open a web Brower (internet explorer/google chrome/firefox) input the IP address of your router (default is 10.0.0.2 unless it was changed), we will use Microsoft Edge in this example.

3) Login (default password is admin unless it was changed)

4) Go to Management (top) then Password (left)

- 5) Input a new login password you would like to use. (Used for step 3 in this guide)
Note: Password minimum length is 8 characters.

The screenshot shows the D-Link router web interface. The top navigation bar includes the D-Link logo and a menu with tabs: Status, Setup, Network, LTE, Wireless, EasyMesh, Features, and Management (highlighted in green). Below the menu, the left sidebar lists various settings: Time Zone Setting, DDNS, Deny Of Service, Log, Password (highlighted in green), Ping Diagnostic, Traceroute, System Settings, Auto Reboot, Upgrade Firmware, and Logout. The main content area is titled 'This page is used to set the account to access the web server of Router. Empty user name and password will disable the protection.' It contains two input fields: 'New Password:' and 'Confirm Password:'. Both fields are currently empty and are highlighted with a red rectangular border. Below the input fields are two buttons: 'Save & Apply' and 'Reset'.

- 6) Click on [Save & Apply]

This screenshot shows the same D-Link router web interface as the previous one, but with the 'New Password' and 'Confirm Password' fields filled in. The 'New Password' field contains the text 'NewLoginPassword' and the 'Confirm Password' field contains 'NewLoginPassword again'. The 'Save & Apply' button is now highlighted with a red rectangular border, indicating it should be clicked. The 'Reset' button remains visible to the right.

- 7) You will now be logged out.
Continuing forward you will login with the New Login Password that was updated.
